ELAVARASAN

ABOUT ME

I'm a **Web Developer** currently pursuing a **Master of Computer Application** (MCA) degree, having previously completed a **Bachelor of Commerce (B.Com).** My passion for full stack development has led me to choose the **Development** field and pursue it further. I am committed to continuously learning new skills and applying them responsibly, often coming up with creative ideas. With a significant portion of my time spent on the internet, I have acquired various open-source skills.

EXPERIENCE

D L K TECHNOLOGIES - INDIA
Python Developer Internship | Apr 2023 – May 2023
Chennai, Tamil Nadu, India | On-site

I worked for 2 months, learning machine learning with Python. I analyzed data to extract valuable insights and used various methods to explore and interpret it. This experience enhanced my problem-solving abilities and practical application of knowledge.

PROJECTS

Portfolio website (Dec-2022 to Feb-2023)
Developed a simple, dynamic, and responsive portfolio web application using HTML, Js and CSS, demonstrating a strong sense of responsibility and attention to detail.

SKILLS & TOOLS

▶ HTML5,CSS, and CSS JavaScript, with intermediate level **C++** and **Python** knowledge.

▶ **Bootstrap, Git**, and **GitHub**, with experience working in Linux/Unix environments.

▶ Skilled in basic Networking,operating system configuration, website deployment and hosting.

▶ Visual Studio Code & BurpSuite, as well as Excel and **Maltego** for data analysis. Wireshark for network analysis, and familiar with VIM text editor.

▶ Proficient in utilizing various libraries for data manipulation, cleaning, and visualization to develop machine learning models.
